Ship Management Pvt Ltd

Delivering Skilled Crew That Keeps Your Operations Running Smoothly

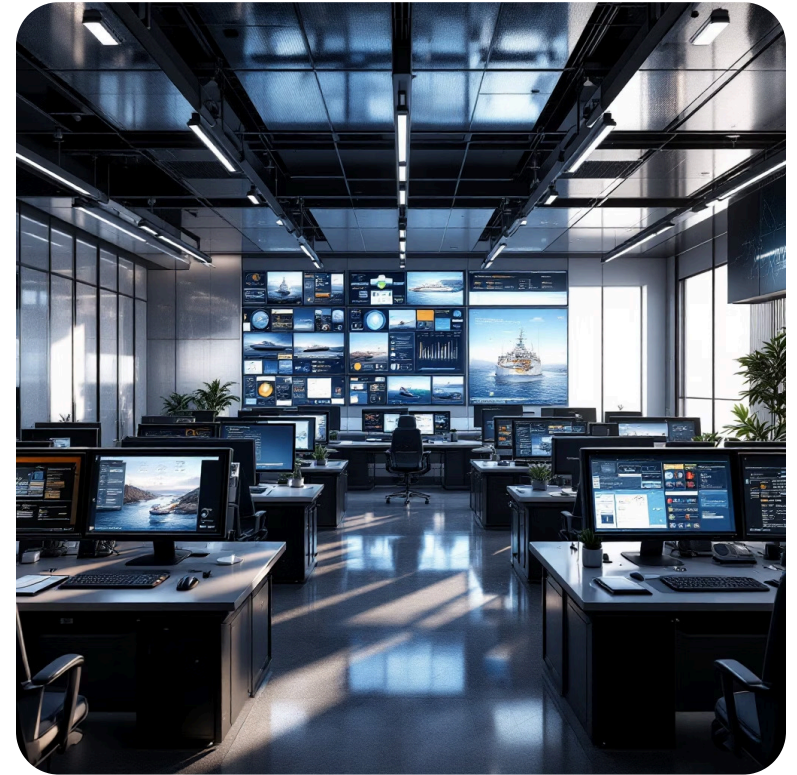

500+ Seafarers Successfully Placed | RPSL Approved | Expertise in Tanker & Offshore Fleet

About Our Company

We are a professionally managed crew management company specializing in tanker and offshore vessel operations. Backed by industry expertise and a strong commitment to quality, we focus on delivering reliable, compliant, and highly skilled maritime manpower.

Since obtaining our RPSL license in April 2024, we have successfully trained and placed over 500 seafarers across diverse maritime sectors. Our structured approach ensures that every candidate meets international standards and client expectations.

We believe in building long-term relationships—with both our clients and seafarers—by providing continuous support at every stage of their journey, from training and certification to onboard placement and career growth.

Our Vision & Mission

Our Vision

To be a globally trusted crewing partner, specializing in tanker and offshore vessels, recognized by ship owners and management companies for delivering highly competent, compliant, and performance-driven maritime professionals.

Our Mission

Our mission is to support ship owners and management companies with reliable, skilled, and well-trained crew by:

Providing Qualified Seafarers

Across tanker, gas, and offshore vessel segments

Ensuring Full Compliance

With international maritime regulations and RPSL standards

Fast Mobilization

Delivering efficient crew mobilization to meet urgent operational needs

Developing Talent

Through continuous training and career advancement programs

Building Partnerships

Based on trust, transparency, and consistent service quality

"Delivering the right crew, at the right time, with the right competence."

Core Services

We provide comprehensive crew management solutions tailored specifically for tanker and offshore vessels, ensuring the supply of highly qualified, certified, and dependable seafarers.

Crew Management

Comprehensive crew management solutions ensuring strict screening, competency evaluation, and adherence to international maritime regulations, enabling shipowners to maintain safe, efficient, and uninterrupted vessel operations while reducing operational risks.

Training & Placement

Industry-relevant training programs that enhance technical skills, safety awareness, and operational readiness, followed by strong placement support through our network of maritime clients, ensuring candidates are well-prepared and confidently placed in suitable roles.

Flag Documentation

Complete assistance with flag state documentation, certification processes, and regulatory compliance, ensuring that all required documents are accurately prepared and processed in a timely manner, helping streamline onboarding procedures and minimize delays.

More Services We Offer

Vessel Inspection Support

Professional support in coordinating vessel inspections by working closely with clients and regulatory bodies to ensure that vessels meet all required safety, operational, and compliance standards. Our structured approach helps identify gaps, prepare necessary documentation, and facilitate smooth inspection processes, contributing to overall vessel readiness and operational excellence.

Career Counselling for Seafarers

Personalized career counselling services aimed at guiding seafarers in making informed and strategic career decisions. By understanding individual goals, qualifications, and industry demands, we help candidates choose the right career path, upgrade their skills, and identify growth opportunities, ensuring long-term success and stability within the maritime sector.

Why Choose Us

RPSL Approved & Fully Compliant

Delivering excellence in long range operations worldwide

4

6 Bitumen Tankers

Ensuring Smooth operations for temperature sensitive cargoes

5

1 Gas Carriers

Highly specialized crews for safe & efficient gas transport.

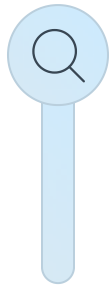

6

28 Offshore Vessels

Supporting offshore energy operations with skilled & experienced crews

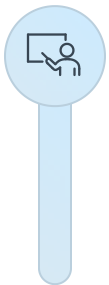

Our Process

Our systematic approach ensures that every seafarer we place meets the highest standards of competence, compliance, and operational readiness.

Candidate Screening

We begin with a thorough screening process where each candidate's qualifications, certifications, experience, and medical fitness are carefully verified. Our team evaluates technical competency, safety awareness, and overall suitability to ensure only the most reliable and qualified seafarers are shortlisted.

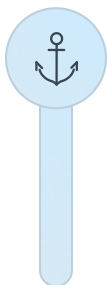

Training & Skill Development

Shortlisted candidates undergo industry-focused training designed to enhance their technical knowledge, practical skills, and onboard readiness. This ensures they are well-prepared to meet real-time operational challenges and comply with international maritime standards.

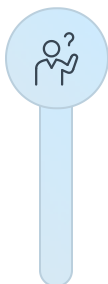

Documentation & Compliance

We handle all aspects of documentation, including certification verification, flag state requirements, and regulatory compliance. Our structured approach ensures accuracy, minimizes delays, and guarantees that all legal and operational requirements are fully met.

Placement on Vessel

Based on client requirements and candidate suitability, we ensure efficient and timely placement on vessels. Our matching process focuses on aligning skills, experience, and vessel type to ensure smooth operations and long-term engagement.

Continuous Support

Our responsibility extends beyond placement. We provide ongoing support to both clients and seafarers, addressing operational needs, resolving concerns, and ensuring seamless coordination to maintain long-term professional relationships.

Our Commitment to Excellence

Quality First

Every seafarer we place undergoes rigorous evaluation and training to ensure they meet international standards and client expectations. Our commitment to quality ensures that shipowners receive only the most competent and reliable crew members.

Client-Centric Approach

We understand that each client has unique requirements. Our flexible approach allows us to customize our services to meet specific operational needs, whether it's urgent crew mobilization or long-term crew management solutions.

Continuous Improvement

The maritime industry is constantly evolving. We stay ahead of the curve by continuously updating our training programs, adopting best practices, and investing in our team's development to ensure we always deliver world-class service.
